

Centram

maatschappelijke
dienstverlening

Supports and connects the residents of **Amsterdam Centre!**

Your guide in the area of finance, relations,
housing, health care and well-being.

CentraM and collaboration in the neighbourhood

You can meet the CentraM employees in different teams.

The Social District team

A collaboration of IJsterk, the District Team Jordaan Gouden Reael and CentraM in relation to a number of neighbourhood-oriented projects in the City Centre, with regard to the prevention of poverty, loneliness and the promotion of extended independent living at home.

The debt relief support

- Closely collaborates with the social worker of CentraM and other bodies in the centre part of the city.
- Supports you in finding a solution for your debts.
- Will, together with you, search for a healthy and stable financial situation.

Approach in an early stage

As a result of a covenant between the municipality, housing associations and utilities, an early stage signalling is available to prevent eviction or disconnection of the energy supply, if possible.

The Plus

A workstation for all kinds of questions, including financial and administrative. CentraM employees and volunteers, as well as the community centre Jordaan/Gouden Reael, will assist you in finding the solution yourself, as much as possible.

Community care network

A volunteer network regarding care and well-being in the Centre borough. They know each other and about each other and also about the possibilities for residents.

Team Doittogether

A collaboration of specialists to support residents with multiple problems.

Team Safe Haven

A collaboration to support residents who experience problems regarding their sexual orientation.

The CentraM Social worker

- Clarifies your demands and wishes.
- Reflects and advises on what you can do yourself.
- Closely cooperates with your neighbourhood's network.

If an SSA-provision from the Social Support Act is necessary, in cooperation with you, we will sort out which support is most appropriate for your particular situation. General provision, if available, and customised provision, if necessary!

CentraM debt relief guide

Closely cooperates with the social worker and provides support in finding a solution for your debts and searches to find a healthy and stable financial situation, together with you.

Volunteers? Yes, please!

CentraM is happy to work with enthusiastic volunteers, who will be guided and educated by us. Vacancies for volunteers can be found at www.centram.nl

CentraM and Availability

General questions and registering for debt relief support as well as questions about SSA (Social Support Act) provisions: Monday to Friday between 9.00 am and 11.00 am on the telephone number: 020 - 5573338

You can also email us at: info@centram.nl
